

ROCHDALE EXCHANGE TO REPRESENT UK IN EUROPEAN ENVIRONMENT AWARDS

Rochdale Exchange Shopping Centre is in the running to represent the UK at the European Business Awards for the Environment in Brussels next year.

They have just been notified that they are among the major winners in the Green Apple Environment Awards for their Car Park Energy Project through which energy consumption on the Car Park has been reduced by 50%.

They will be presented with their Green Apple Award at the Tower of London in June, when top winners have the chance to mingle and learn from each others success.

They will also be invited to join the National Green Heroes, an elite group of environmental achievers who use their experience to help thousands of others – and the environment – around the world.

The Green Apple Awards are now in their 16th year and attracted more than 500 nominations this year. They are organised by The Green Organisation, an independent, non-political, non- activist, non-profit environment group dedicated to recognising, rewarding and promoting environmental best practise around the world.
